Agreed. I think Cynthia is trying to let Stan know?

Jared,

As you may recall, we are trying to brief the administrator sometime the first two weeks of September. (I think Cynthia is headed to China the last part of the month.) Abi will have the latest on any luck getting on her calendar. We believe, however, that Stan is scheduled to have a meeting or call with Mike Connors this Friday Sept 4th. Perhaps we should alert him that a briefing is in the works?
